Other legal requirements, as noted earlier in this policy, also require considerable identification arrangements.

Australian Privacy Principle 3 — Collection of solicited personal information

Triumph Training Academy only collects personal information that is reasonably necessary for our business activities.

We only collect sensitive information in cases where the individual consents to the sensitive information being collected, except in cases where we are required to collect this information by law, such as outlined earlier in this policy.

- We provide a simple method for the individual to request not to receive direct marketing communications (also known as 'opting out').

On each of our direct marketing communications, Triumph Training Academy provides a prominent statement that the individual may request to opt out of future communications, and how to do so. An individual may also request us at any stage not to use or disclose their personal information for the purpose of direct marketing, or to facilitate direct marketing by other organisations. We comply with any request by an individual promptly and undertake any required actions for free.

We also, on request, notify an individual of our source of their personal information used or disclosed for the purpose of direct marketing unless it is unreasonable or impracticable to do so.

Australian Privacy Principle 8 – Cross-border disclosure of personal information

Before Triumph Training Academy discloses personal information about an individual to any overseas recipient, we take reasonable steps to ensure that the recipient does not breach any privacy matters in relation to that information.

Australian Privacy Principle 9 – Adoption, use or disclosure of government related identifiers

Triumph Training Academy does not adopt, use or disclose a government related identifier related to an individual except:

- In situations required by Australian law or other legal requirements;
- Where reasonably necessary to verify the identity of the individual;

- As prescribed by regulations.

Australian Privacy Principle 10 – Quality of personal information

Triumph Training Academy takes reasonable steps to ensure that the personal information it collects is accurate, up-to-date and complete. We also take reasonable steps to ensure that the personal information we use or disclose is, having regard to the purpose of the use or disclosure, accurate, up-to-date, complete and relevant. This is particularly important:

- When we initially collect the personal information; and
- When we use or disclose personal information.

We take steps to ensure personal information is factually correct. In cases of an opinion, we ensure information takes into account competing facts and views and makes an informed assessment, providing it is clear this is an opinion. Information is confirmed up-to-date at the point in time to which the personal information relates.

- Contacting individuals to verify the quality of personal information where appropriate when it is about to be used or disclosed, particularly if there has been a lengthy period since collection; and
- Checking that a third party, from whom personal information is collected, has implemented appropriate data quality practices, procedures and systems.

Triumph Training Academy takes active measures to consider whether we are able to retain personal information we hold, and also to ensure the security of personal information we hold. This includes reasonable steps to protect the information from misuse, interference and loss, as well as unauthorised access, modification or disclosure.

We destroy or de-identify personal information held once the information is no longer needed for any purpose for which the information may be legally used or disclosed.

With regard to any information in a paper-based form, we maintain storage of records in an appropriately secure place to which only authorised individuals have access.

Triumph Training Academy personnel receive training on privacy issues, and how the APPs apply to our practices, procedures and systems. Training is also included in our personnel induction practices.

We conduct ongoing internal audits (at least annually and as needed) of the adequacy and currency of security and access practices, procedures and systems implemented.

Australian Privacy Principle 12 — Access to personal information

Where Triumph Training Academy holds personal information about an individual, we provide that individual access to the information on their request. In processing requests, we:

- Ensure through confirmation of identity that the request is made by the individual concerned, or by another person who is authorised to make a request on their behalf;

Triumph Training Academy personnel must be satisfied that a request for personal information is made by the individual concerned, or by another person who is authorised to make a request on their behalf. The minimum amount of personal information needed to establish an individual's identity is sought, which is generally an individual's name, date of birth, last known address and signature.

When meeting the requesting party in person, identification may be sighted.

If confirming details over a telephone conversation, questions regarding the individual's name, date of birth, last known address or service details must be confirmed before information is provided.

4. Once identity and access authorisation is confirmed, and personal information is collated, access is provided to the requester within 30 calendar days of receipt of the original request. We will provide access to personal information in the specific manner or format requested by the individual, wherever it is reasonable and practicable to do so, free of charge.

Where the requested format is not practical, we consult with the requester to ensure a format is provided that meets the requester's needs.

5. If the identity or authorisation access cannot be confirmed, or there is another valid reason why Triumph Training Academy is unable to provide the personal information, refusal to provide access to records will be provided to the requester, in writing. Our notification will include reason(s) for the refusal, and the complaint mechanisms available to the individual. Such notifications are provided to the requester within 30 calendar days of receipt of the original request.

This request may be in any form, or preferably using Triumph Training Academy's *Records Access or Update Request Form*.

Assessing Update

Triumph Training Academy personnel assess the relevant personal information we hold, and the requested updated information, to determine which version of the information is considered accurate, up-to-date, complete, relevant and not misleading, having regard to the purpose for which it is held.

This may include checking information against other records held by us, or within government databases, in order to complete an assessment of the correct version of the information to be used.

3. Once identity and information assessment is confirmed, personal information is:
 - a. Updated, free of charge, within 14 calendar days of receipt of the original request; and
 - b. Notified to any third parties of corrections made to personal information, if this information was previously provided to these parties.
4. If the identity of the individual cannot be confirmed, or there is another valid reason why Triumph Training Academy is unable to update the personal information, refusal to update records will be provided to the requester in writing, free of charge, within 14 calendar days.

Our notification will include the reasons for the refusal and the complaint mechanisms available to the individual.

5. Upon request by the individual whose correction request has been refused, we will also take reasonable steps to associate a 'statement' with the personal information that the individual believes it to be inaccurate, out-of-date, incomplete, irrelevant or misleading. This statement will be applied, free of charge, to all

personal information relevant across Triumph Training Academy systems within 30 calendar days of receipt of the statement request.

Equal benefits & opportunity

Triumph Training Academy treats all students and all individuals seeking to enrol equally and fairly. Triumph Training Academy has implemented open, fair and transparent procedures that are based on merit for making decisions about:

- The selection of individuals who seek to enrol; and
- The treatment of individuals undertaking courses.

Triumph Training Academy undertakes to identify and, where possible, remove barriers that prevent individuals from accessing and participating in our services. Triumph Training Academy is committed to treating all prospective and actual students *on the same basis*.

On the same basis

A person with a disability is able to seek admission to, or apply for enrolment in, an institution on the same basis as a prospective student without a disability if the person has opportunities and choices in admission or enrolment that are comparable with those offered to other prospective student without disabilities.

Triumph Training Academy ensures it treats prospective students with a disability on the same basis as prospective students without a disability as it makes any decisions about admission or enrolment on the basis that *reasonable adjustments* will be provided.

An *adjustment* is a measure or action (or a group of measures or actions) taken by Triumph Training Academy that has the effect of assisting a student with a disability:

- In relation to an admission or enrolment — to apply for the admission or enrolment;
- In relation to a course or program — to participate in the course or program; and
- In relation to facilities or services — to use the facilities or services;

On the same basis as a student without a disability, and includes an aid, a facility, or a service that the student requires because of his or her disability.

Reasonable adjustments

An adjustment is reasonable in relation to a student with a disability if it balances the interests of all parties affected. In assessing whether a particular adjustment for a student is *reasonable*, Triumph Training Academy has regard to all the relevant circumstances and interests, including the following:

- The student's disability;
- The views of the student or the student's associate;
- The effect of the adjustment on the student, including the effect on the student's:
 - Ability to achieve learning outcomes; and
 - Ability to participate in courses or programs; and
 - Independence;
- The effect of the proposed adjustment on anyone else affected, including Triumph Training Academy, personnel and other students; and
- The costs and benefits of making the adjustment.

Process for Considering Adjustments

- Triumph Training Academy provides equitable access to all required educational and support services, so that no student is disadvantaged regardless of their mode of study or location. Where there may be limitations regarding access to these resources, Triumph Training Academy provides clear advice in pre-enrolment information, so all clients can make an informed choice about which RTO and course of study best meets their needs.
- Triumph Training Academy embraces the responsibility of ensuring that all personnel acquire the knowledge and skills to relate to students without direct or indirect discrimination.
- In assessing whether an adjustment to the course of the course or program in which the student is enrolled, or proposes to be enrolled, is reasonable, Triumph Training Academy is entitled to maintain the academic requirements of the course or program, and other requirements or components that are inherent in or essential to its nature.

Consulting the student

Before Triumph Training Academy makes an adjustment for the student, the student or their associate is consulted about:

- Whether the adjustment is reasonable; and
- The extent to which the adjustment would achieve the aims in relation to the student; and
- Whether there is any other reasonable adjustment that would be less disruptive and intrusive and no less beneficial for the student.

Deciding on an adjustment to be made

In deciding whether to make a particular or reasonable adjustment for a student, Triumph Training Academy:

- Assesses whether there is any other reasonable adjustment that would be less disruptive and intrusive and no less beneficial for the student; and
- Assesses whether the adjustment may need to be changed over the period of a student’s education or training.

A detailed assessment, which might include an independent expert assessment, may be required in order to determine what adjustments are necessary for a student. The type and extent of the adjustments may vary depending on the individual requirements of the student and other relevant circumstances. Multiple adjustments may be required and may include multiple activities.

Assessing reasonable adjustments

In assessing whether a particular adjustment is reasonable for the student with a disability, Triumph Training Academy takes into account:

- The nature of the student’s disability;
- The information provided by, or on behalf of, the student about how the disability affects the student’s ability to participate;

- Views of the student, or an associate of the student, about whether a proposed adjustment is reasonable and will enable the student with a disability to access and participate in education and training opportunities on the same basis as students without disabilities;
- Information provided by, or on behalf of, the student about his or her preferred adjustments;
- The effect of the proposed adjustment on the student, including the student's ability to participate in courses or programmes and achieve learning outcomes;
- The effect of the proposed adjustment on anyone else affected, including Triumph Training Academy operations, personnel and other students; and
- The costs and benefits of making the adjustment.
- In making a reasonable adjustment, Triumph Training Academy ensures that the integrity of the course or program and assessment requirements and processes are maintained.
- Triumph Training Academy acts upon information about an adjustment in a timely way that optimises the student's participation in education or training.

Unjustifiable Hardship

Once a reasonable adjustment has been determined, Triumph Training Academy adjustment may consider if the adjustment would impose unjustifiable hardship on its operations.

In determining what constitutes unjustifiable hardship, all relevant circumstances *of the particular case* are taken into account including:

- The nature of the benefit or detriment likely to accrue or be suffered by any persons concerned; and
- The effect of the disability of a person concerned; and
- The financial circumstances and the estimated amount of expenditure required to be made by the person claiming unjustifiable hardship.

In determining whether unjustifiable hardship applies, Triumph Training Academy:

- Takes into account information about the nature of the student's disability, his or her preferred adjustment, any adjustments that have been provided previously and any recommended or alternative adjustments. This information may be provided by the student, an associate of the student or independent experts (or a combination of those persons);
- Ensures that timely information is available to the student, or an associate of the student about the processes for determining whether the proposed adjustment would cause unjustifiable hardship; and
- Ensures that these processes maintain the dignity, respect, privacy and confidentiality of the student and the associates of the student, consistent with the rights of the rest of the community.

Where a claim of unjustifiable hardship is made, Triumph Training Academy has taken into account all the financial and other resources that are reasonably available for the purpose of making any necessary adjustments for the student, and the impact of those adjustments on its capacity to provide education of high quality to all students while remaining financially viable.

Triumph Training Academy considers all costs and benefits both direct and indirect that are likely to result, the student and any associates of the student, and any other persons in the learning or wider community, including:

- Costs associated with additional personnel, the provision of special resources or modification of the curriculum;
- Costs resulting from the student's participation in the learning environment, including any adverse impact on learning and social outcomes for the student, other students and teachers; and
- Benefits deriving from the student's participation in the learning environment, including positive learning and social outcomes for the student, other students and teachers, and any financial incentives, such as subsidies or grants, available to the provider as a result of the student's participation.

Where Triumph Training Academy decides to rely on unjustifiable hardship, it ensures that a notice stating the decision and the reasons for the decision is given to the student, or an associate of the student, as soon as practicable after the decision is made.

Implementing Reasonable Adjustments

Triumph Training Academy takes reasonable steps to ensure that any adjustment required to be made is made within a reasonable time. Whether the time is reasonable depends, in particular, on whether and when the student, or his or her associate, has provided:

- In a timely way, any relevant information in the possession of the student or associate about how the disability affects the student in relation to education or training; and
- The student's or the associate's opinion about the matters.

Where reasonable adjustments are implemented, a detailed training and assessment plan including timetables, notes regarding the required adjustments, and any related communications regarding the adjustments is maintained in the student's file.

Key training and assessment strategies for supporting individual needs include:

- Knowing and respecting students: Understanding students are time poor; communicate with them, embrace and integrate their diversity and enable contributions of their knowledge to everyone's learning;
- Offering flexibility, variety and choice: While upholding academic standards, offer students flexibility, choice in assessment and variety in teaching and learning strategies;
- Making expectations clear, using accessible language: Speak and write in plain language to ensure students understand the concepts being taught, your expectations of them and what is required to be a successful student;
- Scaffolding students' learning: Take a step-by-step approach to training to ensure students build on what they bring to the course and are taught the particular discourses necessary to succeed;
- Being available and approachable to guide student learning: In addition to being available, be approachable so that students may make use of RTO personnel expertise and guidance to improve their learning and performance; and
- Supporting reflective practice: Reflect and seek to act on reflections, those from peers and feedback from students, to continuously improve training practice and students' learning.

Discrimination

Discrimination can be direct, indirect or systemic.

Direct discrimination is any action which specifically excludes a person or group of Individuals from a benefit or opportunity, or significantly reduces their chances of obtaining it, because their status or personal characteristics, irrelevant to the situation (e.g., sex, ethnic origin) are applied as a barrier. Direct discrimination has as a focus assumed differences between Individuals.

Indirect discrimination is the outcome of rules, practices and decisions which treat Individuals equally and therefore appear to be neutral; but which, in fact, perpetuate an initially unequal situation and therefore significantly reduce a person's chances of obtaining or retaining a benefit or opportunity. Rules, practices and decisions are applied to all groups alike but it is the very assumption of a likeness that constitutes the discrimination.

Systemic discrimination is system of discrimination perpetuated by rules, practices and decisions which are realised in actions that are discriminatory and disadvantage a group of Individuals because of their status or

characteristics and serve to advantage others of different status or characteristics. Direct and indirect discrimination contribute to systemic discrimination.

Bullying & Harassment

Bullying is repeated, unreasonable behaviour directed towards an individual or a group of individuals that creates a risk to health and safety and is unlawful. Repeated behaviour refers to the persistent nature of the behaviour and can involve a range of behaviours over time.

Unreasonable behaviour means behaviour that a reasonable person, having regard for the circumstances, would see as unreasonable, including behaviour that is victimising, humiliating intimidating or threatening. Examples of bullying may include (but are not limited to):

- A manager or supervisor using a management style that is harsh, involves shouting, constant criticism or humiliation of an individual or group of individuals in private or in front of their peers;
- An individual being treated less favourably by another individual or group of individual, including, but not limited to, bullying or intimidation; forcing an individual to participate in an “initiation” process; the playing of practical jokes or forcing an individual to undertake demeaning tasks;
- Sniggering or gossiping behind someone’s back;
- Laughing at someone which is intended to make them feel uncomfortable or distressed;
- A manager setting unreasonable timelines or constantly changing deadlines for an individual to meet, or setting tasks that are unreasonably below or beyond a person’s skill level; and/or
- Continuously and deliberately excluding someone from workplace activities including ignoring or keeping individuals isolated from relevant communications about work issues.

If a contractor of Triumph Training Academy is found to have breached these expectations, their contract stands to be terminated, or may not be renewed in the future.

Equity & Bullying Complaints

Any individual who believes that they have been subject to actions or words that may constitute discrimination or bullying should act upon such bullying as soon as possible by following the procedure set out below. Individuals who believe they have witnessed discriminatory or bullying behaviour by another individual in the workplace are also able to make complaints.

In the first instance, the aggrieved individual should, wherever practicable and if they feel comfortable doing so, attempt to amicably resolve the matter with the individual(s) who are alleged to have engaged in bullying. When confronting the issue, the individual should clearly state the offensive behaviour experienced, explain that the behaviour is unwelcome and offensive and ask that the behaviour does not continue. The person may not be aware that their behaviour or conduct was causing offense or was unwelcome.

This is not a compulsory part of the complaint procedure, and if an individual does not wish to confront the person directly, then this is not encouraged.

Where the alleged bullying involves the individual's direct manager and it is not practical for them to directly resolve the matter, they shall immediately notify the Chief Human Resources Officer who, with the individual's approval will endeavour to investigate and resolve the matter on an informal basis in accordance with the procedure set out below.

Informal Complaint Procedure

An informal complaint procedure includes a range of alternatives which can be applied in a flexible manner in order to address different complaints in consideration of the relevant circumstances. The informal complaint procedure is intended to be used for less serious allegations of bullying and instances which generally do not warrant disciplinary action being taken. An individual who is unsure of whether or not to make a formal or informal complaint may make an informal complaint first and decide if they want to escalate the complaint to a formal complaint.

Different options for handling informal complaints may include, but are not limited to:

- Triumph Training Academy relevant manager having a conversation with the alleged bully about the behaviour complained of; and
- Triumph Training Academy relevant manager having a meeting with the individuals concerned in an attempt to reach a resolution.

Formal Complaint Procedure

Where an individual wish to lodge a formal complaint, they will be required to do so by communicating this in writing to the Chief Executive Officer.

A written complaint shall include the names of individuals concerned, details of the incident(s) and the names of any witness's present.

Where a written complaint has been lodged, a formal investigation procedure will commence immediately. Formal investigations may be conducted by the Chief Executive Officer or an external person who is appointed by Triumph Training Academy e.g. an independent mediator.

Regardless of whether the investigation is carried out by a Triumph Training Academy personnel member, or by an independent body/person, the investigator will aim to follow the procedure set out below:

- Clarify details of what took place and ensure that all necessary information is obtained;
- Identify the outcome the complainant is seeking;
- Discuss with the complainant their legal rights, including lodging a formal complaint with the relevant state or federal tribunal;
- Discuss the complaint made with the person/s accused of bullying; and
- Making a determination as to whether the alleged behaviour occurred and if it constituted bullying.

If Triumph Training Academy feels it is appropriate in the interests of health and safety of individuals concerned, and / or the efficiency of the investigation process, individuals may be requested to refrain from attending work / course services for a period whilst the investigation is underway. Alternatively, individuals may be given different duties or work to perform while the investigation is being conducted. Employees who are requested to do either of these will be paid at their normal rate of pay during this period.

Where it becomes apparent that the complaint made relates to conduct which constitutes misconduct or otherwise warrants disciplinary action, the investigator is to refer to the *Discipline* section of this manual for further action and resolution.

Whilst the investigator will endeavour to preserve the confidentiality of the complainant and the person complained of, it may be necessary to speak with other workers or Individuals involved to determine what happened and to maintain the integrity of the investigation process.

Where potentially unlawful conduct has occurred, Triumph Training Academy will alert the appropriate authorities. Those Individuals who are involved in the complaint (including the complainant, witnesses etc.) are also under a duty to maintain confidentiality and display a commitment to uphold the integrity of the investigation process. If the complainant chooses to bring a support person with them to any meetings, they too are bound by confidentiality.

Gossiping and/or the spreading of rumours as a result of, or in connection with, a process followed under this policy will not be tolerated under any circumstances and may lead to further disciplinary action for those concerned.

Outcomes

The outcomes of a formal or informal complaint procedure will depend on the nature of the complaint, its severity and what is deemed appropriate in the relevant circumstances.

Where the results of an investigation procedure suggest that an individual is guilty of bullying, appropriate disciplinary procedures will be followed in line with the Discipline Policy. The disciplinary action will depend on the nature and severity of the behaviour and may include termination of employment, which may be instant dismissal where serious misconduct is deemed to have occurred.

Where the complaint involves a contractor or agent of Triumph Training Academy and an investigation process reveals that a person has engaged in unlawful conduct or other behaviour which is prohibited by this policy, those concerned may face termination of their contracts immediately, or will not be renewed in the future.

In addition to the remedies provided above, other action may be deemed necessary to resolve or remedy the behaviour complained of, including but not limited to:

- Providing training to employees concerned regarding bullying;
- Requiring employees who have breached this policy to apologise to appropriate person(s);
- Adjusting working arrangements where appropriate;
- Providing counselling to employees (complainant and the person complained of);
- Placing employees on performance improvement plans to ensure improved behaviour; and/or
- Providing coaching and mentoring.

Appeals Procedure

If any parties involved are unhappy with the outcome, or the way the complaint handling procedure was managed by Triumph Training Academy please contact the Triumph Training Academy Chief Executive Officer to discuss your concerns.

Once notified the Chief Executive Officer will conduct a review of the procedure followed, and the outcome issued, and make a final determination on the issue. Once this determination is made, the person who has made the appeal will be notified of the outcome and this determination will be final.

Student Advice & Selection

Student Entry Procedure

On application for enrolment, Triumph Training Academy ensures that all students are able to seek admission to a course program on the same basis. Where students have particular needs, these are discussed in open consultation with the student, and where appropriate, reasonable adjustments will be made in order to facilitate the student's enrolment.

Triumph Training Academy provides high quality course services, including training and assessment that is suitable and appropriate for each student.

Suitable means the training and assessment meets the individual's needs, links to likely job and/or participation outcomes and minimises duplication of the individual's existing competencies; and

Appropriate means the training and assessment is delivered to regulatory and industry standards, uses delivery modes and durations optimised for the individual's needs and includes reasonable support to facilitate the individual's participation and attainment.

Triumph Training Academy focuses on supporting a prospective student to understand how their options may affect their future and, ultimately, helping them to choose the right training. This includes being prepared to suggest, in some instances, that none of its offerings are right for an individual. Where this is the case, Triumph

Training Academy refers prospective students to relevant government websites in their jurisdiction as a good place to start to determine more suitable course options. Some example sites include:

Jurisdiction	Course Gateways
Queensland	QLD Skills Gateway http://www.skillsgateway.training.qld.gov.au

Academically Suited

Triumph Training Academy has implemented this student entry procedure to ensure that students are confirmed to be academically suited to undertake the particular course they wish to study.

To ensure students are academically suited, Triumph Training Academy's student application and enrolment processes include the requirements that:

1. The student satisfies minimum academic admission requirements;
2. The student satisfies any other specified entry requirements for the particular VET course of study; and
3. Triumph Training Academy reasonably believes that the student is academically suited to undertake the VET course of study.

Pre-Enrolment Review

Triumph Training Academy conducts a *Pre-Enrolment Review* of current competencies including literacy and numeracy skills prior to commencement in training for each student.

The Pre-Enrolment Review is designed to:

- Identify any competencies previously acquired - Recognition of Prior Learning (RPL) or Credit Transfer;
- Ascertain the most suitable qualification for that student to enrol in, based on the individual's existing educational attainment, capabilities, aspirations and interests and with due consideration of the likely job outcomes from the development of new competencies and skills; and
- Ascertain that the proposed learning strategies and materials are appropriate for that individual.

Course Services are designed to build on a student's existing abilities and develop new ones. Students are not encouraged to undertake training where there is not a reasonable prospect of completion. The individual's existing educational and vocational attainment, other demonstrated capabilities, career aspirations and general interests are considered in course selections and services planning.

Triumph Training Academy does not enrol a student in a course or qualification that is at an inappropriate level for that student. The Pre-Enrolment Review is completed, and the outcomes known and documented, prior to acceptance of the student's enrolment application.

The Pre-Enrolment Review is a comprehensive assessment where Triumph Training Academy genuinely seeks to understand a student's training needs. It's a conversation that encourages students to reflect on their own aspirations and guides their selection of suitable training.

The Pre-Enrolment Review is undertaken by skilled Triumph Training Academy personnel who provide impartial advice and translate a student's ideas about their future into tangible and suitable choices.

The Pre-Enrolment Review process encompasses:

- Student identification confirmation;
- Course information & requirements;
- Identifying students' individual needs;
- Academic suitability & Language, Literacy & Numeracy assessment;
- Credit Transfer application (if relevant);
- Recognition of Prior Learning application (if relevant);
- Employer engagement (if relevant);
- Government subsidy support eligibility (if relevant); and
- Final planning, course confirmation and enrolment decision.

Each of these components is outlined below.

Student Identification Requirements

A number of Triumph Training Academy projects require identification to be confirmed and verified identification evidence to be retained on file on admission to any nationally recognised course program. This may include:

- Evidence of student identity (for example, photo identification);
- Evidence of student eligibility to participate (for example, citizenship); and
- Evidence of pre-requisites being met (for example, previous qualifications/study).

Student identity is confirmed as an initial step in the Pre-Enrolment Review process.

Course Information

During the *Pre-Enrolment Review* process, general and course specific pre-enrolment information, including the relevant *Program Outline* is explained in further detail and student queries answered. This generally includes:

- Explanation of course content, competency standards, timelines and stakeholders;
- Outline of entry requirements and admission requirements;
- Duration of course and the delivery mode of course;
- Identification of specific resource requirements for the course;
- Explanation of assessment procedures relevant to course;
- Triumph Training Academy's procedures and processes; and
- Fees, charges and refunds information.

Identifying Individual Student's Needs

Prior to enrolment Triumph Training Academy provides advice to the prospective client about the training product(s) appropriate to meeting the student's needs, taking into account the individual's existing skills and competencies.

As a part of this process, Triumph Training Academy ascertains and consider the individual's existing educational and vocational attainment, other demonstrated capabilities, career aspirations and general interests.

To maximise the chance of students successfully completing their training, Triumph Training Academy:

- Identifies any support individual students need prior to their enrolment; and
- Provides access to that support throughout their training.

Student Enrolment Information Collection

All prospective students must complete and provide relevant enrolment information and personal data as a part of their enrolment application. This includes relevant AVETMISS data collection information and relevant student identifiers including the USI.

Prospective students have the option of commencing their enrolment information process online, by completing an online registration form for their initial course of interest. This online registration form once received is printed out and forms the basis of the student's enrolment information.

For prospective students that do not start the enrolment information process online, a hard-copy *Enrolment Application Form* will be completed by the prospective student as a part of the Pre-Enrolment Review.

In either case, once provided the enrolment information provided is used by Triumph Training Academy representatives as a component of the re-Enrolment Review, as it provides significant information on the student's background, prior skills and qualifications, current employment status and particular special needs.

Either online print out or hard copy version of the *Enrolment Application Form* is signed by the student as a part of the Pre-Enrolment Review process, to confirm that the information being provided is a true and accurate record relating to their individual situation. This confirms the application process, but does not constitute formal acceptance of the student's enrolment into the course.

Students' Needs

As a component of this process, Triumph Training Academy determines the amount of training it will provide to each student with regards to:

- The existing skills, knowledge and the experience of the student;
- The academic suitability of the student;
- The mode of delivery; and
- Where a full qualification is not being delivered, the number of units and/or modules being delivered as a proportion of the full qualification.

Triumph Training Academy provides a range of educational and support services to its students that include, but are not limited to:

- Pre-enrolment materials;
- Study support and study skills programs;
- Language, literacy and numeracy (LLN) programs or referrals to these programs;
- Equipment, resources and/or programs to increase access for students with disabilities and other students in accordance with access and equity;
- Learning resource centres;
- Mediation services or referrals to these services;
- Flexible scheduling and delivery of training and assessment;
- Counselling services or referrals to these services;
- Information and communications technology (ICT) support;
- Learning materials in alternative formats, for example, in large print;
- Learning and assessment programs contextualised to the workplace; and
- Any other services that Triumph Training Academy considers necessary to support students to achieve competency.

Support services are made available either directly or via arrangements with a third party.

Triumph Training Academy's individual needs process includes:

- Identifying particular requirements such as literacy, numeracy, English language or physical capabilities students would need to complete each course;
- student learning styles and identification of any special learning needs; and
- Developing strategies to make support available where gaps are identified.

Academic Suitability - Language, Literacy, and Numeracy (LLN) Assessment

As a component of the Pre-Enrolment Review process, Triumph Training Academy reviews all enrolment applications to ensure course admission requirements relating to the student's academic suitability are being met prior to acceptance of a student into a course.

Where a course has specific academic suitability admission requirements, as part of the Pre-Enrolment Review students are required to complete an *Australian Core Skills Framework (ACSF) aligned Language, Literacy, and Numeracy (LLN) Assessment* to ensure that the student has the ability to complete the course.

For all students in all course application processes, Triumph Training Academy requires the assessment process to be conducted with honesty and integrity.

General VET Courses – Academic Suitability

General arrangements for students wishing to enrol in a VET course require the student to complete a Triumph Training Academy designed LLN Quiz relevant to their course application.

That is, students are required to complete a LLN Quiz mapped directly to ACSF Level 1, 2 or 3 requirements, at the ACSF level that has been confirmed relevant to the specific ACSF level of the course to which the application relates.

For students undertaking the Triumph Training Academy designed LLN Quiz as part of the Pre-Enrolment Review, this assessment will be undertaken:

- Via paper-based or online quiz depending on the student's application preference;
- Individually by the student after identification has been confirmed; and

- Under the direct supervision of a Triumph Training Academy representative to ensure the authenticity of the assessment results.

Credit Transfer

As a component of the *Pre-Enrolment Review* process, Triumph Training Academy ensures students are not required to repeat any unit or module in which they have already been assessed as competent, unless a regulatory requirement or license condition (including industry licensing schemes) requires this.

Credit transfer is a process that provides students with credit outcomes for components of a qualification based on identified equivalence in content and learning outcomes from previous studies.

Where a student provides suitable evidence, they have successfully completed a unit or module at any RTO, Triumph Training Academy provides credit for that unit or module. In some cases, licensing or regulatory requirements may prevent a unit or module being awarded through a credit process.

Triumph Training Academy is not obliged however to issue a qualification or statement of attainment that is achieved wholly through recognition of units and/or modules completed at another RTO or RTOs.

Note that providing credit for previous studies is not a Recognition of Prior Learning (RPL) process. RPL is a form of assessment of the competence of a person, while providing credit is recognising the equivalence of studies previously undertaken and completed successfully.

Verification of Documentation

Triumph Training Academy recognises verified testamurs from other Registered Training Organisations. This applies to all cases, including students seeking credit transfer for previous study, and personnel documentation.

Before providing credit based on a qualification, statement of attainment or record of results, Triumph Training Academy authenticates the information in the document. When verifying testamurs of nationally recognised qualifications or statements of attainment from other RTOs, Triumph Training Academy personnel are required to:

1. Sight the *original* certificate/statement of attainment from which credit transfer is being sought;
2. Where there is doubt over the authenticity of the certificate/statement of attainment, the document must be confirmed with the relevant issuing registered training organisation;
3. Ensure the unit codes on the previous certificate/statement of attainment are highlighted as the unit codes being sought for credit transfer;
4. Take a copy of the certificate/statement of attainment and certify this document by signing and dating that the certificate/statement of attainment has been verified, with the statement "I confirm that this document is a true and accurate copy of the original"; and
5. Where units are deemed equivalent, attach the relevant mapping page from the official training package / curriculum list where equivalency has been noted.

Student Request for Credit Transfer

If a student wishes to apply for Credit Transfer, it is *mandatory* that they complete the *Credit Transfer / RPL Application Form* and include appropriate evidence to support the Credit Transfer application.

All Credit Transfer applications must be supported by the appropriate evidence. This may be in the form of Nationally Recognised Qualification or Statement of Attainment indicating exactly the same code and title as those included in the student application, or other documents of equivalence.

Where appropriate evidence is provided with the Credit Transfer application the *Training Manager* must grant the Credit Transfer. Where Credit Transfer is granted, the student will be advised within five working days of completion of the assessment and the training program adjusted accordingly.

Where Credit Transfer is not granted, the student will be notified in writing of the outcome within five working days of completion of the assessment. The written communication to the student includes a reason for refusal, and information on how to lodge a complaint or appeal if desired.

In all cases, a copy of the credit transfer application and verified copies of the relevant documentation evidence is retained in the student's file.

Recognition of Prior Learning

Recognition of Prior Learning (RPL) means an assessment process that assesses the competency/s of an individual that may have been acquired through formal, non-formal and informal learning to determine the extent to which that individual meets the requirements specified in the training package or VET accredited courses.

- *Formal learning* refers to learning that takes place through a structured program of instruction and is linked to the attainment of an AQF qualification or statement of attainment (for example, a certificate, diploma or university degree);
- *Non-formal learning* refers to learning that takes place through a structured program of instruction, but does not lead to the attainment of an AQF qualification or statement of attainment (for example, in-house professional development programs conducted by a business); and
- *Informal learning* refers to learning that results through experience of work-related, social, family, hobby or leisure activities (for example the acquisition of interpersonal skills developed through several years as a sales representative).

RPL assesses this prior learning against the requirements of a qualification, in respect of both entry requirements and outcomes to be achieved. RPL encourages an individual to continue upgrading their skills and knowledge through structured education and training towards formal qualifications and improved employment outcomes. RPL keeps the system of qualifications open to recognition of the value of learning achieved outside the formal system, as part of everyday living in a continuum of learning throughout one's life.

In order to recognise prior learning, it is necessary to:

- Compare the informal or non-formal learning the individual has achieved against the learning outcomes or performance criteria of the course or qualification for which the student is using as a basis for seeking entry or the award of credit; and
- Determine appropriate evidence to support the claim of prior learning.

The processes used to assess RPL applications may take several (not mutually exclusive) forms, for example:

- Participation in exactly the same or modified versions of the assessment the student would be required to complete as part of the full course;
- Assessment based on a portfolio of evidence;
- Direct observation of demonstration of skill or competence;
- Reflective papers, journals or portfolios that relate past learning to the learning or competency outcomes of the current course or qualification;
- Provision of examples of the student's work drawn from the workplace, social, community or other setting in which the student applies their learning, skill or competence;
- Testimonials of learning, skill or competence; and
- Combinations of any of the above.

Triumph Training Academy ensures that trainers and assessors remain current in their professional development and in their knowledge and understanding of issues related to recognition.

RPL Process

As a component of the *Pre-Enrolment Review* process, Triumph Training Academy implements a robust RPL process to ensure that:

- The uptake of RPL is encouraged and RPL processes are reviewed to streamline the RPL application process;
- Where possible, the student is able to complete the qualification in less time;
- RPL information is provided to students prior to enrolment and prior to commencement of formal training delivery in a course program;
- RPL processes offered provide adequate information, support and opportunities for students to engage in the RPL process;
- RPL decisions are made prior to the commencement of the course, subject or unit for which the RPL is being claimed; and
- RPL assessment processes and procedures meet the same delivery and quality assurance requirements as all other assessment arrangements.

RPL Requirements

To achieve RPL, students must:

- Apply for RPL;
- Provide appropriate RPL evidence (including documents, demonstrations and interviews as may be relevant); and
- Have this evidence assessed as meeting all of the requirements of the entire Unit of Competency.

Where students have gaps, or require additional mentoring and support, RPL is not applicable. In these cases, *learning* is occurring, and a '*Competent*' result is achieved on completion of assessment.

RPL Applications

It is *mandatory* that students wishing to achieve RPL with Triumph Training Academy complete a *Credit Transfer / RPL Application Form* and provide this form with their evidence submission for assessment. This application form ensures:

- The Application for RPL is recorded effectively;
- The start date for each Unit of Competency is correctly identified; and
- The appropriate declarations of authenticity of prior work are recorded.

Start Dates

The official start date for a Unit of Competency through RPL is determined (by NCVER) as the date that the student submitted their evidence portfolio for assessment. This is the start date that all Triumph Training Academy personnel are to record on the student's training and assessment plan (actual start date section for each unit).

This date is critical for compliance in cases where financial subsidies are being received for the student's course.

The RPL result date is the final date that the student provided all evidence required and was deemed to have achieved the unit '*RPL-Granted*' result.

Financial / Regulatory Implications

All Triumph Training Academy personnel must ensure they are aware of RPL implications with regards to financial / regulatory impacts in their region and projects. RPL in some jurisdictions is:

- Fully subsidised;
- Partially subsidised; or
- Not subsidised.

Depending on the region, when students are applying for RPL, it is critical that Triumph Training Academy personnel understand any financial implications that may apply and discuss correct fees and charges with the student concerned.

Employer Engagement

As a component of the *Pre-Enrolment Review* process, Triumph Training Academy ensures that employers or other parties who contribute to each student's course services and outcome are informed and engaged in the training and assessment on the development, delivery and monitoring of training and assessment. This may include course services involving work placements, employer sponsored courses. All employers involved in Triumph Training Academy course services receive the *Employer Handbook* that provides a range of important information for employer involvement including:

- Employer and RTO responsibilities;
- student attendance and behaviour expectations;
- Equity commitment;
- Work health and safety requirements;
- Privacy arrangements;
- Language, literacy and numeracy arrangements;
- student support services;
- Recognition of Prior Learning (RPL) and Credit Transfer;
- Competency-based training and assessment process;

- Complaints and appeals processes;
- Evaluation and feedback arrangements;
- Further information contact details; and
- Any relevant required release from work or study.

Triumph Training Academy ensures all students involved in workplace delivery have a range of processes and mechanisms implemented to engage the employer in the training and assessment process. This includes but is not limited to:

- Consultation prior to and during enrolment, and subsequent training and assessment sessions to gain input from the employer in areas such as the development of the training plan;
- Providing employer guidance on how to assist students to achieve competency through undertaking specific workplace tasks. This is undertaken through various contact and employer specific information and documents;
- Ensuring the assessment process is supported with supplementary evidence from the employer to contribute to the assessment outcome (such as *Third Party Reports*);
- Regular contact with the employer to confirm the student's progress; and
- Formal evaluation processes to gain further feedback on the training and assessment processes provided.

Government Subsidy / Support Eligibility Assessment

As a component of the *Pre-Enrolment Review* process, Triumph Training Academy undertakes an eligibility assessment on particular government subsidy or support initiatives that the student may be eligible to access.

On appropriately qualified and trained Triumph Training Academy representatives who have received a *Delegation of Authority* from the Triumph Training Academy Chief Executive Officer are able to undertake government subsidy eligibility assessments.

Finalising the Pre-Enrolment Review

As a Pre-Enrolment Review is conducted, Triumph Training Academy representatives complete the *Pre-Enrolment Review Checklist* to confirm that all components of the process are completed effectively.

The Pre-Enrolment Review process encompasses:

- Student identification confirmation;
- Course Information & requirements;
- Identifying students' individual needs;
- Course entry requirements & admission requirements;
- Academic Suitability including Language, Literacy & Numeracy assessment;
- Credit Transfer application (if relevant);
- Recognition of prior learning application (if relevant);
- Employer engagement (if relevant);
- Government subsidy support eligibility (if relevant); and
- Final planning, course confirmation and enrolment decision.

As all Pre-Enrolment Review activities above are completed, the Triumph Training Academy representative clearly documents:

- The overall Pre-Enrolment Review discussion;
- The final decision on which course the student will be enrolled in; and
- Reasons why this was the most suitable training option for that student.

On conclusion of this process, a *Program Outline and Enrolment Form Fee Structure* including *Program Outline and Enrolment Form Fee Structure* is then prepared by Triumph Training Academy in order to make a formal enrolment offer to the prospective student and/or relevant supporting client.

Non-Acceptance of Enrolment Application

Should the prospective student not be accepted into the course program they have applied for, the individual will be provided with formal notice of this non-acceptance:

- In writing;
- With reasons provided for this non-acceptance;
- With any alternate options or actions recommended by Triumph Training Academy; and

- With relevant information on how the prospective student may raise a complaint or seek to have the decision reviewed.

Fees, Charges and Refunds

Triumph Training Academy undertakes to provide course services as outlined in client *Program Outline and Enrolment Form Fee Structure*.

Fees and Charges

Prior to enrolment, Triumph Training Academy notifies clients of a range of fee information in a *Program Outline and Enrolment Form Fee Structure*. This fee information includes:

- All fees payable to Triumph Training Academy, clearly describing all costs involved with the course;
- How and when fees must be paid;
- How to request a refund;
- The conditions under which a refund would be provided; and

Triumph Training Academy is committed to cost efficiency for Recognition of Prior Learning (RPL) applications and will at all times seek to complete RPL applications at the same cost or lower than normal course delivery costs.

Course Services Fees

All course services fees are published and available on the Triumph Training Academy website. Published fees information includes fee rates for each training product, including full fee for service, subsidised, concession and exemption fee rates for each course and relevant government jurisdiction.

Student Support Services Fees

If any specific student support options available attract an additional cost to the client, Triumph Training Academy makes this clear in pre-enrolment information and as a part of the *Program Outline and Enrolment Form Fee Structure*. Similarly, if there are limitations to the support Triumph Training Academy is able to provide to particular client cohorts, these limitations are also made clear in information provided to potential students.

Clear and accurate information on these items is included in the Triumph Training Academy's relevant handbook for each stakeholder group.

Incidental Expenses

There may be some instances of a personal cost to a student over and above the general course fees. These costs include:

- *Essential equipment* and other items that the student has the choice of acquiring from Triumph Training Academy, or from a supplier other, that become the physical property of the student, are retained by the student on completion of training, and are not consumed during the training.
Example: tool kit.
- *An optional charge for an item* that is not essential for the student to complete the training.
- *An optional charge for an alternative form of access* to an item or service that is an essential component of the training, but is otherwise made readily available at no additional fee by Triumph Training Academy.
- *Field trips and food, transport and accommodation costs* associated with the provision of field trips that form part of the training.
- Any *textbook* the student requires for their course that is retained by the student after completion of the qualification.

For each qualification, Triumph Training Academy publishes on its website any additional costs that a student will or may incur and ensure that students are aware of these costs prior to enrolment.

Triumph Training Academy provides the student or employer (where relevant) with receipts for any monies collected by Triumph Training Academy for incidental expenses. Triumph Training Academy retains copies of receipts issued.

Embedded qualifications

In some cases, a qualification may include all the units of competency required to complete a lower-level qualification, an 'embedded' qualification. The student may wish to be issued with a testamur for the lower-level qualification in addition to the higher one they enrolled in.

In this case, the student has paid the fee for the higher-level qualification. Triumph Training Academy charges an administrative fee to produce the additional testamur (set at \$385 including GST) therefore, the student is required to pay the additional fees for the lower-level qualification.

Repeated Assessment

Students are able to attempt assessment to complete a unit of competency on three (3) occasions within their initial student course fee. Triumph Training Academy does not levy additional fees for these attempts.

Withdrawal without penalty

Triumph Training Academy advises prospective students, prior to any fees being paid, of the 'withdrawal with no penalty' cut-off date. That is, the date by which the student can withdraw and be refunded any fees paid on enrolment. This date is generally before 20% of the scheduled unit of competency hours have been delivered.

Government Loan, Funding, Subsidy and Support Entitlements

In cases where students are accessing any government funding entitlement that may reduce their ability to access such funding in the future (such as arrangements that limit funding to one qualification for a person), Triumph Training Academy also provides advice on these arrangements prior to enrolment, via the *Program Outline and Enrolment Form Fee Structure*.

The total course fee for a government subsidised course is divided into two components:

- The Fee (to the student / employer / client); and
- The Subsidy (paid by the relevant government body).

In cases of government funding or subsidy, the *Program Outline and Enrolment Form Fee Structure* also includes the approximate value of the contribution from government towards the qualification(s) in which the student is considering enrolment.

Notifications and Guarantee

Triumph Training Academy notifies clients as soon as practical after any change occurs that may affect the course services being provided. This includes changes of significant impact including:

- Any changes to, or new third party arrangements Triumph Training Academy puts in place, for the delivery of services to those specific clients; and
- A change in ownership of an RTO entity should that occur.

Triumph Training Academy guarantees that no additional charges will be imposed during the period covered by the *Program Outline and Enrolment Form Fee Structure*.

Recovery of Outstanding Student Fees

Triumph Training Academy collects all fees to be paid by the student by the time they complete their subsidised training. Triumph Training Academy retains student fees that it collects.

Triumph Training Academy has a robust process for the recovery of outstanding fees from a student. The failure by a student to pay a fee owing is considered to be a breach of discipline and can lead to penalties being imposed on the student under *Discipline* arrangements.

One of the penalties that may be considered is the delay in release of results or testamur(s) as relevant to the student until all fees are recovered. For significant student debts, formal debt collection actions may also be undertaken.

Fee Protection

Triumph Training Academy does not collect more than \$1,500 in prepaid fees (fees in advance) from students for the majority of course services, except for the VET Students Loan Program, and CRICOS International students. The requirements that apply to prepaid fees include all fees that a student is required to pay, including enrolment fees, tuition fees, materials fees and any other fee component that is a mandatory payment for the course.

Triumph Training Academy is only required to protect prepaid fees from individual students and prospective students. These requirements do not apply for other clients - for example, where an employer engages Triumph Training Academy to provide training and/or assessment to its personnel.

Refunds

Triumph Training Academy does not collect more than \$1500 in prepaid fees (fees in advance) from students for the majority of students, with exception of Higher-Education, where tuition assurance arrangements apply. From time to time however a refund may be required for specific student cases. Refund information and arrangements are made available to clients prior to enrolment through:

- Triumph Training Academy's student Handbook;
- Triumph Training Academy website; and
- As a part of the *Program Outline and Enrolment Form Fee Structure* completed with the client prior to enrolment.

Refunds may be paid automatically or sought and negotiated on an individual basis with Triumph Training Academy, on a case by case basis.

Triumph Training Academy has publicly published on its website and makes students aware of this *Refund* policy before enrolment.

Enrolment Fees

Enrolment fees paid for any course service cover administrative components of service provision and are often mandatory fees in the cases of publicly funded course services. In these cases, enrolment fees are non-refundable once the course service has commenced.

Co-enrolments

Triumph Training Academy charges a fee for each government subsidised course that a student enrolls in, as relevant to the relevant government contractual requirements.

Refunds Prior to Course Services Commencement or Services Termination

Triumph Training Academy's general refund arrangements for all clients and all course services are as follows:

Refund Arrangements	
Course Services	
Triumph Training Academy's withdrawal date is set at a minimum of 20% of the duration of the unit and is the last day which students can withdraw from a unit and be eligible for a full refund of their unit fee. The withdrawal date applies to each individual unit and not to the course as a whole.	Full refund of course services fees paid.
Withdrawal after Withdrawal Date / Withdrawal with No Penalty Cut-off Date	Refund of pro rata course services fees paid.

Refunds Due to Non-Provision of Services

Course fees are to be refunded in full if Triumph Training Academy is unable to commence the course service as agreed due to a lack of minimum student numbers or unforeseen circumstances.

Where there is an instance of Triumph Training Academy default due to unforeseen circumstances, Triumph Training Academy will endeavour arrange for another course, or part of a course, to be provided to students at no (extra) cost to the student as an alternative to a refund. Where the student agrees to this arrangement, Triumph Training Academy will not refund fees paid.

Refund Arrangements	
Recognition of Prior Learning and/or Credit Transfer has been granted.	Pro-rata refund paid based on a calculation of the number of units that have received RPL or CT results and the fees paid to date.
Triumph Training Academy is unable to commence the course for which the original enrolment and payment has been made.	Full refund or alternative placement in a course, as per the clients' preference.
Triumph Training Academy is unable to continue to deliver the course as agreed.	Partial refund or alternative placement in a course, as per the clients' preference.

Refunds Due to Client Request / Hardship Application

Students may have extenuating circumstances that prevent them from attending scheduled course dates that may include but are not limited to illness, family or personal matters, or other reasons that are out of the ordinary. Where evidence can be successfully provided to support the student's circumstances, course service fees may either be transferred to the next available course where applicable, or a refund of unused course fees will be issued.

This decision of assessing the extenuating circumstances rests with the Chief Executive Officer and shall be assessed on a case by case situation.

Where delivery has commenced, course fees have been paid and a client believes a special circumstance refund is warranted, the client may apply for a refund in writing to:

Triumph Training Academy
Mr Akash Ahluwalia
Chief Executive Officer
akash@triumphacademy.com.au

1300 855 211

All refund applications are assessed and processed within fourteen (14) days of the application being placed. The client will be advised in writing of the outcome of their application, including reasons for refusing a refund in cases where this occurs.

Triumph Training Academy does not typically provide a refund in cases where a student has withdrawn from a qualification but has completed all the requirements for a lower level qualification, which attracted a lower student fee.

All clients have the right to appeal a refund decision made by Triumph Training Academy. Please refer to the *Complaints* section for further information.

Fee Records

All course services fees, relevant invoices and receipts for each student course enrolment are recorded and maintained in the WiseNet Student management system and synced with Xero accounting package. This system acts as the official accounts receivables system for Triumph Training Academy and is maintained as the official and auditable records for all fees, charges and refunds.

Enrolment and Induction

Triumph Training Academy course services meet strict student services standards, to maintain an exceptional standard of student service, and meet compliance with the conditions and standards of the *VET Quality Framework, Standards for RTOs 2015* and various other guidelines and contractual requirements.

Enrolment

Triumph Training Academy assesses all potential student enrolment applications to ensure they meet the enrolment requirements of the course and to confirm their ability to complete the requested training product.

Where the enrolment of the student would require unreasonable adjustments to the course program, the student's admission for enrolment will not be processed. Decisions on the acceptance or otherwise of student enrolment applications are free from bias and discrimination.

Confirmation of Enrolment

A student's enrolment application into a course program is accepted and enrolment confirmed once:

- All pre-enrolment information has been provided and discussed;
- student identity has been confirmed;
- student individual needs assessment has been completed;
- Enrolment information collection has been completed and confirmed;
- Course entry requirements and admission requirements have been reviewed and confirmed;
- Any government subsidy or support eligibility process has been undertaken and concluded;
- Any final Pre-Training Review processes are conducted; and
- A *Program Outline and Enrolment Form Fee Structure* has been completed and signed by all parties.

The date on which the *Program Outline and Enrolment Form Fee Structure* is completed and signed by all parties is confirmed as being the official date of enrolment.

Induction

Triumph Training Academy induction sessions with students may be individual or in groups, and include:

- Further explanation of course content, competency standards, timelines and stakeholders;
- Preparation and signing of the Training Plan; and
- Provision of initial course resources, information or activities.

Triumph Training Academy personnel conducting the induction process are responsible to ensure all paperwork is completed.

Training Plans

Triumph Training Academy documents course services information on training and assessment in a *Training Plan* for all students. Training plans which is set out within the Program Outline.

Training Services

Competency Based Training and Assessment (CBT&A) is a flexible form of training that aims to produce a workforce with the knowledge and skills which industry requires. Under CBT, we have competency standards. The concept of competency focuses on what is expected of an employee in the workplace rather than on the learning process and embodies the ability to transfer and apply skills and knowledge to new situations and environments.

Competency is a broad concept that includes all aspects of work performance and not only narrow task skills.

The *Dimensions of Competency* encompass:

- The requirement to perform individual tasks (task skills);
- The requirement to manage a number of different tasks within the job (task management skills);
- The requirement to respond to irregularities and breakdowns in routine (contingency management skills);
- The requirement to deal with responsibilities and expectations of the work environment (job role environment skills), including working with others.

Each Unit of Competency describes the work performed in the workplace. Students undertaking training and assessment receive a competent result when successful workplace performance is demonstrated.

Volume of Learning

Triumph Training Academy is required to develop and implement approaches, including providing access to suitable resources, facilities and trainers, to ensure students gain all relevant skills and knowledge.

The Australian Qualifications Framework (AQF) provides a guide to the volume of learning which describes how long a student who does not hold any of the competencies identified in the relevant units of competency or modules may take to develop all the required skills and knowledge.

The volume of learning includes all teaching and learning activities such as guided learning (classes, lectures, tutorials, online or self-paced study), individual study, research, learning activities in the workplace and assessment activities. The amount of training provided by Triumph Training Academy is part of the overall volume of learning and relates primarily to formal activities including classes and other activities as well as workplace learning.

In a competency-based training environment, students aren't required to study for a specified number of weeks or months; however, Triumph Training Academy must still be able to identify and explain any significant variations from the time periods described in the AQF.

Triumph Training Academy has developed and implemented strategies for training and assessment that are consistent with the AQF. If a course is structured to be completed in a shorter time period than that described in the AQF, Triumph Training Academy clearly describes, using a rationale based on the previous skills and knowledge and the needs of students, how a specific student cohort:

- Has the characteristics to achieve the required rigour and depth of training; and
- Can meet all the competency requirements in a shorter timeframe.

Efficiency is gained when the units of competency delivered by Triumph Training Academy have been *clustered / grouped together.

In accordance with Clause 1.2 of the RTO Standards, this delivery schedule (Clustering) typically leads to a reduced course duration by achieving efficiency in the length of training required, allowing for integration of knowledge and skills development within these complimentary units.

In developing our programs and the estimated length for delivery of training and assessment, Triumph Training Academy has also taken into consideration the *complexity* of the qualification, delivery mode, and the cohort group applicable to the learner. Considering the '*complexity*' of the qualification, we consider whether there are 'technical units' included in either the core or electives within the program, and as noted above, the

delivery mode and schedule allows for meaningful integration of units into *clusters. Triumph Training Academy does recognise that the amount of training to be provided to an individual will also be highly dependent on the pre-existing skills and knowledge of the individual learner. A preliminary understanding of student's pre-existing skills and knowledge is gathered during the enrolment process through a pre-training questionnaire completed by the learner.

Where the student cohort consists of new entrants or inexperienced workers, before assessment Triumph Training Academy ensures students have been provided with the opportunity to fully absorb the required knowledge, and to develop skills over time in the different contexts they would experience in the workplace. This may require a longer timeframe than for those students with significant industry experience. However, they may progress at an accelerated pace and complete the course in a reduced time frame **dependent on their application of independent learning strategies**. This will require the learner to engage in self-paced learning in addition to the predominant mode of delivery.

Training & Assessment Strategies

Triumph Training Academy develops a strategy (or strategies as relevant) for each training product it is registered to deliver. Different strategies may be developed for different delivery models or target groups.

Triumph Training Academy has, for all its scope of registration, and consistent with its training and assessment strategies, has sufficient:

- Trainers and assessors to deliver the training and assessment;
- Provision of or referral to educational and support services to meet the needs of the student cohort/s undertaking the training and assessment;
- Learning resources to enable students to meet the requirements for each Unit of Competency, and which are accessible to the student regardless of location or mode of delivery; and
- Facilities, whether physical or virtual, and equipment to accommodate and support the number of students undertaking the training and assessment.

Triumph Training Academy meets all requirements specified in the relevant training package or VET accredited course for each training product delivered. Triumph Training Academy's training and assessment strategies and practices, including the amount of training provided, are consistent with the requirements of training packages and VET accredited courses relevant to the training products being delivered, and enable each student to meet the requirements for each Unit of Competency or module in which they are enrolled.

Contextualisation

Triumph Training Academy may contextualise units of competency to reflect local skill needs. Contextualisation could involve additions or amendments to the unit of competency to suit particular delivery methods, learner profiles, or specific enterprise requirements. Any contextualisation must ensure the integrity of the outcome of the unit of competency is maintained.

Industry requirements, as described in training or job specifications, may be used to contextualise a unit of competency.

Attendance

Triumph Training Academy ensures consistency in monitoring and recording of student attendance meeting contractual requirements to maintain accurate records for reporting against training and assessment engagement.

Triumph Training Academy trainers and assessors must ensure that complete and accurate records of attendance by students are maintained relevant to all engagement in accredited training delivery and assessment. It is each trainer and assessor's responsibility to record attendance requirements.

Attendance recording applies to:

- Workshop attendance;
- Workplace training logged time;

- Assessment meetings; and
- Observation activities.

Non-attendance

Where a student misses a session without notice, the trainer makes contact with the student (and/or their immediate supervisor for workplace supported students) to verify the reason for their absence and to negotiate their return. Reasons for non-attendance are to be recorded on the *Attendance Record* for all non-attended students before the record is provided to Triumph Training Academy Data and Administration team for processing.

In cases of repeated non-attendance, the trainer provides relevant advice to the student that their ability to complete the training program may be compromised by their non-attendance. Non-attendance contact and advice is noted on a *Contact Record*.

If non-attendance continues for more than two consecutive sessions, the trainer:

- Discusses the non-attendance with the student (and their employer where relevant);
- Provides options and determines a resolution to the non-attendance.

Where a student identifies that they will not be continuing with the program it is the trainer's responsibility to look at options to try and re-engage the student. Failing this, the trainer must collect the student's withdrawal in writing.

Workplace Delivery – Fee for Service

In the case of workplace delivery, many of the required resources for course services may be readily available. Triumph Training Academy confirms all resources required for delivery are available using the Workplace Resources Checklist.

Where workplaces do not have access to all required resources Triumph Training Academy addresses resource gaps through a variety of options including:

- Provision of additional resources;
- Placement of the student in a simulated or alternate workplace environment; or
- Provision of alternate elective unit options that better reflect the workplace environment.

Providing Student Support

Triumph Training Academy embraces the responsibility of ensuring all students are supported in acquiring the knowledge and skills sought through their training and assessment program. Triumph Training Academy determines the support needs of individual students prior to enrolment and ensures access is provided to the educational and support services necessary for the individual student to meet the requirements of the training product as specified in training packages or VET accredited courses.

All Triumph Training Academy personnel are aware of available internal or external resources, or are able to confidently refer students to appropriate tutoring and community support services. For further information, please refer to the *Meeting Individual Student Needs* section of this manual.

Students Deferring Training

If a student indicates that they wish to defer their studies, Triumph Training Academy makes every effort to assist students to continue training where possible.

If a student proceeds with the deferral of their studies, Triumph Training Academy only permit a deferral of no more than twelve (12) months from the date of receipt of notice from the student.

Triumph Training Academy advises students of the fee implications of deferring their studies in accordance with the individual's relevant fee arrangements.

Students who do not recommence studies within a twelve (12) month period of deferral are considered to have discontinued their studies with all records and reports processed as per the discontinuance process below.

Triumph Training Academy keeps records of all requests for/notices of deferral or keep a file note or log of such requests/notices together with evidence of all deferrals made.

Discontinuing Students

If a student indicates they wish to discontinue their studies without completing their course, Triumph Training Academy ascertains if the reason for discontinuing relates to the performance of Triumph Training Academy.

If that is the case, Triumph Training Academy ensure that reasonable efforts are made to address concerns of the student related to the delivery and assessment of training.

Assessment Services

Triumph Training Academy has implemented an assessment system that ensures that assessment (including recognition of prior learning):

- Complies with the assessment requirements of the relevant training package or VET accredited course; and
- Is conducted in accordance with the Principles of Assessment and the Rules of Evidence.

Assessment means the process of collecting evidence and making judgements on whether competency has been achieved, to confirm that an individual can perform to the standard required in the workplace, as specified in a training package or VET accredited course.

Assessment system is a coordinated set of documented policies and procedures (including assessment materials and tools) that ensure assessments are consistent and are based on the Principles of Assessment and the Rules of Evidence.

Assessors are persons who assess a student's competence.

Triumph Training Academy has developed and implemented a rigorous assessment system to ensure:

- Assessment judgements are consistently made on a sound basis; and
- Validation of assessment judgements is carried out.

The assessment system includes not only the actual materials used directly in conducting assessment, but also policies, procedures and other supporting documents that inform the way assessment is conducted within Triumph Training Academy.

For a student to be assessed as competent, Triumph Training Academy ensures the student demonstrates their:

- Ability to perform relevant tasks in a variety of workplace situations, or accurately simulated workplace situations;
- Understanding of what they are doing, and why, when performing tasks; and
- Ability to integrate performance with understanding, to show they are able to adapt to different contexts and environments.

All students:

- Are assessed against all the tasks identified in the elements of the unit or module;
- Demonstrate they can perform these tasks to an acceptable level;
- Must demonstrate they hold all the required skills and knowledge, as specified in the unit or module assessment requirements.

General Assessment Requirements

Triumph Training Academy assessment approaches are always based on the performance of the individual student. If assessment tasks are undertaken as a group, each student is still assessed on each component of the assessment task.

Recognition of prior learning is simply a form of assessment of a student's competence. As such, recognition of prior learning must be conducted with the same rigour as any other form of assessment. Where assessment is completed via recognition of prior learning, the requirements do not change, although the variety of evidence gathered and considered in making an assessment decision may be greater than through 'traditional' assessment activities.

Similarly, distance and online delivery methods may change the type of evidence considered, although the same requirements apply. Regardless of the mode of delivery or engagement, all assessment meets the same requirements.

Assessment Requirements

Each Unit of Competency contains assessment requirements grouped into three areas:

- Performance evidence;
- Knowledge evidence; and
- Assessment conditions.

Performance and knowledge evidence describe what a student must demonstrate in order to be considered competent. Assessment conditions describe the conditions under which a student must demonstrate this, including any specific requirements for resources, trainers and assessors and the context for assessment.

Note that some training packages and courses may not have been updated to this format. In these cases, 'required skills and knowledge' and 'evidence guide' or similar terms are used.

Simulated Work Environments

When conducting training and assessment in a simulated workplace environment, ABS RTO ensures that the simulated environment gives students the opportunity to meet the following critical criteria:

- Quality – The work is of the standard required for entry into the industry.
- Productivity – The work is performed within a timeframe appropriate for entry to the industry.
- Safety – The work is performed in a manner that meets industry safety standards.

This approach ensures that students are 'work ready' on successful completion of units of competency.

All simulations used provide opportunities for integrated assessment of competence that include coverage of the Dimensions of Competency:

- Performing the task (task skills);
- Managing a number of tasks (task management skills);
- Dealing with workplace irregularities such as unexpected problems, breakdowns and changes in routine (contingency management skills);
- Fulfilling the responsibilities and expectations of the job and workplace, including working with others (job/role environment skills); and
- Transferring competencies to new contexts.

Assessment activities are designed to be realistic and reasonable in terms of scale. Assessment conducted under simulated conditions therefore reflects those typically found in the workplace.

Principles of Assessment

Triumph Training Academy ensures the principles of fairness, flexibility, validity and reliability are met in all assessment approaches.

Fairness

- The individual student's needs are considered in the assessment process.
- Where appropriate, reasonable adjustments are applied by Triumph Training Academy to take into account the individual student's needs.
- Triumph Training Academy informs the student about the assessment process and provides the student with the opportunity to challenge the result of the assessment and be reassessed if necessary.

Flexibility

Assessment is flexible to the individual student by:

- Reflecting the student's needs;
- Assessing competencies held by the student no matter how or where they have been acquired; and
- Drawing from a range of assessment methods and using those that are appropriate to the context, the Unit of Competency and associated assessment requirements, and the individual.

Validity

Any assessment decision of Triumph Training Academy is justified, based on the evidence of performance of the individual student. Validity requires:

- Assessment against the unit/s of competency and the associated assessment requirements covers the broad range of skills and knowledge that are essential to competent performance;
- Assessment of knowledge and skills is integrated with their practical application;
- Assessment to be based on evidence that demonstrates that a student could demonstrate these skills and knowledge in other similar situations; and
- Judgement of competence is based on evidence of student performance that is aligned to the unit/s of competency and associated assessment requirements.

Reliability

Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.

Rules of Evidence

Triumph Training Academy ensures the rules of validity, sufficiency, authenticity and currency are met in evidence collection approaches.

Validity

The assessor is assured that the student has the skills, knowledge and attributes as described in the module or Unit of Competency and associated assessment requirements.

Sufficiency

The assessor is assured that the quality, quantity and relevance of the assessment evidence enables a judgement to be made of a student's competency.

Authenticity

The assessor is assured that the evidence presented for assessment is the student's own work.

Currency

The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very recent past.

Assessment Methods

Assessment methods are the particular technique/s used to gather different types of evidence. There are three main assessment methods or techniques used by Triumph Training Academy:

- Observation (sometimes referred to as demonstration, simulation, role play, scenario, etc) – where the student is observed performing their skills and knowledge;

- Interview (sometimes referred to as questioning, verbal quiz, test, explanation, competency conversation, role play, scenario, case study, etc) - where the student describes or answers questions to confirm their skills and knowledge; and
- Product (sometimes referred to as project, case study, scenario, creation, work product, etc) - where the student provides a product they have created to confirm their skills and knowledge.

Conducting Assessments

Triumph Training Academy is committed to quality student centred course services provision that meets each individual student's needs. Triumph Training Academy my personnel strive to ensure that assessments conducted meet this commitment with *a range of assessment options provided that meet assessment requirements*.

Assessment Appeals

Triumph Training Academy provides all students with a formal appeals process, which draws on a commitment to all parties understanding their rights and responsibilities in the assessment process. Other grievances or issues not pertaining to assessments should be referred to Triumph Training Academy's complaints processes.

Triumph Training Academy's appeals process facilitates requests for a review of decisions, including assessment decisions, made by Triumph Training Academy or a third-party representative providing services on Triumph Training Academy's behalf.

Triumph Training Academy's appeals process follows the principles of natural justice and procedural fairness by allowing anyone subject to a decision by Triumph Training Academy, or anyone who has allegations made

against them, to tell their side of the story before a decision is made. There is no fee or charge levied for any appeal processed.

Triumph Training Academy will maintain a student appellant's enrolment during any appeal process.

Triumph Training Academy's process ensures that the decision-maker is independent of the decision being reviewed (for example, an assessor does not consider or decide an appeal against an assessment decision they made). If a student objects to actions taken or decisions made by Triumph Training Academy personnel in conducting Recognition of Prior Learning and assessment services, they have the right to lodge an appeal.

Students also have the right to lodge an appeal against competency decisions made if:

- They believe the outcome is invalid; or
- They feel the process was invalid, inappropriate or unfair.

Before you submit a complaint to ASQA, please be aware that:

ASQA takes a risk-assessment approach to complaints—ASQA’s resources will be focused on the most serious complaints.

- ASQA cannot act as an advocate or provide a ‘consumer protection’ service for students.
- ASQA has specific confidentiality obligations in relation to registered providers. ASQA respects both privacy and natural justice considerations in handling complaints. This means that complainants will be advised how their information was used in the regulatory process although in some instances the advice will not be detailed, and the process can be lengthy if audit activity is involved.

Evaluation

Triumph Training Academy systematically evaluates and uses the outcomes of the evaluations to continually improve its training and assessment strategies and practices. Evaluation information includes but is not limited to quality/performance indicator data, validation outcomes, client, trainer and assessor feedback and complaints and appeals.

Triumph Training Academy is committed to ensuring quality delivery and assessment of all training. The formal evaluation process is a major strategy in the continual improvement of all service provision.

Qualifications Issuance

Triumph Training Academy issue AQF certification documentation only to a student whom it has assessed as meeting the requirements of the training product as specified in the relevant training package or VET accredited course.

Triumph Training Academy has robust controls in place to ensure qualifications, statements of attainment and records of results are not issued unless the student has completed all requirements. While Triumph Training Academy delivers at multiple locations and through third party arrangements, it has centralised issuance of certification to strengthen these controls. Certification is only issued to students after they have fully demonstrated competence.

Unique Student Identifier (USI)

Triumph Training Academy ensures that it meets the requirements of the Student Identifier scheme at all times, including:

- Verifying with the Registrar, a USI provided to it by an individual before using that USI for any purpose;
- Ensuring that Triumph Training Academy do not issue AQF certification documentation to an individual without being in receipt of a verified USI for that individual, unless an exemption applies under the *student Identifiers Act 2014*;
- Ensuring that where an exemption applies, it will inform the student prior to either the completion of the enrolment or commencement of training and assessment, whichever occurs first, that the results of the training will not be accessible through the Commonwealth and will not appear on any authenticated VET transcript prepared by the Registrar; and
- Ensuring the security of USIs and all related documentation under its control, including information stored in its student management systems.

To avoid possible delays in issuing certification, Triumph Training Academy has processes in place to verify a student’s USI on enrolment or as soon as possible thereafter - well in advance of when certification is expected to be issued.

Triumph Training Academy does not include the student's USI on any testamur documentation, consistent with the *Student Identifiers Act 2014*.

Fraud Prevention

Triumph Training Academy confirms its responsibility for authentication and verification of a student's certification and statement of attainment documentation.

Triumph Training Academy has mechanisms in place to reduce fraudulent reproduction of its certification. All Triumph Training Academy documentation includes the Triumph Training Academy seal, logo and unique watermark. Additional fraud prevention measures implemented include:

- Printing documentation on commercially printed shells that make it clear when a document is not the original;
- Using an embossed seal;
- Using document numbers for verification purposes; and

Issuance Timelines

Triumph Training Academy ensures AQF certification documentation is issued to a student within thirty (30) calendar days of the student being assessed as meeting the requirements of the training product if the training program in which the student is enrolled is complete, and providing all agreed fees the student owes to Triumph Training Academy have been paid.

Triumph Training Academy issues AQF certification documentation directly to the student, not to another party, such as an employer.

Reissue of Testamur Documentation

Triumph Training Academy ensures that current and past students are able to access records of their achievements.

All Triumph Training Academy students who hold a verified USI, and whose results have been reported into the USI system, will be able to access their records through the USI system.

Where a student's achievements have not been recorded through the USI system, Triumph Training Academy has processes in place to ensure that this student can access re-issues of their testamur documentation via request.

A fee of \$66.00 including GST per request applies to all re-issue of documentation requests. All documentation re-issues occur within twenty-one (21) calendar days of receipt of request.

Records Management

The Australian Vocational Education and Training Management Information Statistical Standard (AVETMISS) is the national data standard that ensures consistent and accurate capture and reporting of VET information about students.

Triumph Training Academy cooperates with ASQA in the retention, archiving, retrieval and transfer of records.
